In all its stages there should be no delay in treatment. Ely's Cream Balm cures, soothes and breaks the diseased membrane. Restores catarrh and drives away a cold in the head quickly.

# WILLIAM MCKINLEY

"The President died at 2.15 this morning." This message sent over the wires last Saturday morning marked the end of a great man and the close of a life devoted to his wife, his country and his God. In the week that has elapsed, his body has been carried to Washington where it lay in state after the official funeral, thence to its final resting place in his well beloved Canton. In all that has been written of him, there is no discordant note. Even those who have for a life time opposed him and his policies unite with his most ardent admirers in dropping the tears of affection upon his bier. His whole life since boyhood has been spent as soldier, Congressman, Governor and President in the service of his country. Living thus in the glare of publicity it would not have been strange had some remembered a thing done, or left undone that should have been done. If so, it has not appeared. On the contrary he is universally held up as a model husband, patriot and Christian. In the words of Bishop Andrews: "No stain was upon his escutcheon; no syllable of suspicion that I ever heard was whispered against his character. He walked in perfect and noble self-control."

The lesson to be learned from this taking off of our President at the beginning of his second term, is, or should be, "Anarchy must be eradicated from our social system." The death of Abraham Lincoln, the first martyr was due to rebellion and with his death rebellion was ended for all time. The death of Garfield was due to bitter factionalism and there has been no such bitterness in our politics since that time. The death of McKinley is due to anarchy and anarchy and anarchists must be dealt with so that it will be entirely and forever stamped out. This country is freedom's home, but freedom is not license.

Resolved, That the beautiful domestic life of our late President, challenges our highest admiration and respect.

Resolved, That the foregoing preamble and resolutions, be spread upon the minutes of this Board.

GEO. D. KELLEY, President.

## A SENSIBLE SUNDAY NEWSPAPER

So Promises The Sunday North American, the First Number of Which Will be Out September 29

The North American announces that on September 29th, it will begin the publication of a Sunday edition. Prevailing conditions demand of each metropolitan paper an issue every day in the year, and The North American is sensibly obeying that demand. Rumors of this innovation have already been heard and interest and speculation as to what it will be like is keen. The North American, when it does anything, does it better than any one else, and in the matter of a Sunday paper the same rule is expected to apply. For one thing, The North American promises that its Sunday Edition will be "different." The standard of text and illustration will be as high as that of any monthly magazine. It will not be "cheap" in any sense. It will not magnify the trivial, neither will it make heroes out of the silly and the commonplace. The North American's motto is, "A sensible Sunday newspaper," and it is such it certainly will be different and welcome. It will strive, of course, to be interesting and entertaining. That goes without saying. The special writers and artists are of the first rank and the magnificent mechanical equipment of The North American insures perfect printing.

As to the details of the paper itself, this much is known. There will be four colored supplements in addition to the news sections and sheet music. There will be a supplement of eight pages in color, devoted exclusively to women's interests, a comic section of four pages in color, a magazine section of twelve pages in color and a sixteen-page supplement in color and varied processes of making a newspaper. The sheet music will be like that on sale in music stores in every particular. The first Sunday North American will probably consist of seventy-six pages, of which thirty-two will be used for news.

## SOME NOTABLE EVENTS.

Some notable events have taken place since Mr. McKinley was first elected. The passage of the Dingley Tariff Bill, which has opened to protect American industries, while it has enabled our people to gain a firm foothold on foreign markets, was a notable achievement. The working of the bill has been even better than its supporters anticipated.

The blowing up of the Maine, on February 15, 1898, led directly to the war with Spain, which has served to give the United States a more important position than the country has ever had in the eyes of foreigners. The effect of the war has been a larger acquisition of foreign territory than has taken place since the annexation made after the Mexican War—59 years ago.

The passage of the Gold Standard bill has practically put our finances on a firm basis.

The discussion of reciprocity treaties arranged by Mr. Casson have opened the way for trading with foreigners on more advantageous terms. In his speech at Buffalo on Thursday afternoon the President took strong ground in favor of reciprocity.

Securing the open door in China means, when things have quieted down there, a greater expansion of trade for the United States.

The President's transcontinental trip through the South and California showed how popular he was in all the states through which he passed. During his holiday this summer at Canton, although it was announced that he went West to rest, he was compelled to see many people who felt attached to their kind President.

During his administrations the United States has taken the greatest step forward in making the influence of the country felt abroad. The balance of trade in our

## DELAWARE COLLEGE

Delaware College has just opened with the largest Freshman class in many years. In all 38 students have been admitted to this class, one to the Sophomore class and one to the Senior class. The ages of the new students range from 16 to 36. The average age is 18½ years. Most of the newcomers are from Delaware and the Eastern Shore of Maryland, but there are also students from Pennsylvania, Ohio and New Jersey.

An increased proportion of the Freshmen are taking the Engineering course. There are 11 entering the Civil Engineering course, 9 entering the Electrical Engineering course, and 2 the Mechanical Engineering course.

Of the students from Delaware, 8 enter from Wilmington, 6 from other parts of New Castle county, and 6 from Sussex county.

The public schools throughout the State seem to have responded to the increased entrance requirements of the College in mathematics, for nearly every freshman passed a satisfactory examination in geometry.

The student temporarily excluded from the College dormitory by reason of the incomplete condition of the extensive improvements to that building have found satisfactory lodgings in the village of Newark. Work therefore begins under satisfactory conditions, and the students, new and old, are taking hold of their studies and entering upon the social life of the institution with genuine enthusiasm. The whole number of students will probably reach 110.

Pastoral Relations Dissolved.

At a special meeting of the Presbytery of New Castle at Newark, Del., on Monday, the pastoral relations between the Rev. William Fitzsimon and the Rock and Zion Churches of Cecil county were dissolved. Mr. Fitzsimon, having stated his intention, on account of changes of denomination, to seek the ministry in another denomination, his name was erased from the rolls of Presbytery.

**STOPS PAIN**

Aches, Pains, Jan. 27, 1901.

Ever since the first appearance of my pains, I have suffered with great pain in my hips, back, stomach and legs, with terrible bearing down pains in the abdomen. During the past month I have been taking Wine of Cardui and Theodore's Black-Draught, and I passed the month without pain for the first time in years.

NANNIE DAVIS.

What is life worth to a woman suffering like Nannie Davis suffered? Yet there are women in thousands of homes to-day who are bearing those terrible menstrual pains in silence. If you are one of these we want to say that this same

Have you lost anything? Have you found anything? Have you anything to sell? Have you money to loan, or do you want to borrow money? If so, you should make it known through THE TRANSCRIPT'S local advertising columns.

Many of our farmers, are giving the new corn a trial, and should one or more of the many different machines prove to be a success there would be a heavy demand for them, as the crop this season is exceedingly heavy and farm labor scarce.

There was a great break in the tomato market last Saturday, when the price in Baltimore fell to 5 and 7 cents a basket. Many shippers lost heavily and the canners will no doubt be able to get all the tomatoes they want this week at their own price.

Bedworth Jr., the young pacing stallion belonging to Mr. William Bell, of Choptank, took first money in the 2.16 race, purse \$500, at Prospect Park last Wednesday. Bedworth was driven by Mr. W. B. Biggs of this town, and made one heat in 2.14.

Bethesda Epworth League meets in the lecture room of the M. E. Church every Sunday evening at 7.00 o'clock. Every body is invited to attend. The topic for to-morrow evening is "Saloon Power Doomed." Psa. 37:1-10. (Temperance Meeting.) Leader, Miss Mary F. Lynn.

For about 40 years, with a few omissions, Bishop Leighton Coleman, of the Episcopal diocese of Delaware, has made annual tramping tours, a traveling incognito and mingling with mountain people principally. This year the Bishop dined himself so busy that he will have to abandon on his customary outing.

A bushel of wheat and a bushel of corn are going for a very close together this year. In weight there is only a difference of four pounds, and if the price of corn gets too uncomfortably close to wheat, the price of the latter will advance. Good prices are the salvation of many, and yet those who have to buy do not feel very grateful.

## PERSONALITIES

Notice! Having retired from the Fertilizer Business I take pleasure in referring and recommending all my friends and former patrons to Mr. Jesse L. Shepherd, for the purchase of Fertilizers manufactured by G. W. Grafflin & Co. which I have sold during the past 14 years, as he will have charge of their business in the future.

C. P. COCHRAN, Middletown, Del., June 10th, 1901.

Mrs. Mary J. Whitlock, mother of Theodore Whitlock, died at her home, on Anderson street, about 3.30 on Wednesday morning, aged 67 years. Mrs. Whitlock had been ill a long time, and despite all the skill of her physician, aided by the kind hands of a sister and children, she passed peacefully and quietly away. The funeral was held at her late home Friday afternoon, at 2 o'clock, interment being in Forest cemetery.

State Treasurer, Martin B. Burris, Esq., was among the number who attended the "Rally Day" services at Asbury M. E. Church, at Smyrna last Sunday and made an address to the Sunday School.

In speaking of Mr. Burris' remarks the "Call" says: "If the scholars who heard him will remember what he would have them do they will grow up to be useful men and women. He told the scholars how Washington and Lincoln were brought up in the school of character building and in conclusion explained the difference between a success in life and a successful life."

With quite dignity and with great reverence Middletown Thursday honored its martyred President, and it is sincerely hoped that the occasion for such a sad celebration will never arise again. At two o'clock the Church bells took up the mournful sound, and many of our people said the day was quieter than any Sunday ever observed, in some respects. The Presbyterian and Methodist Churches held union services at the former Church, and the attendance was large, and the addresses made by the pastors, Rev. L. E. Barrett and Dr. F. H. Moore were able discourses. Along our business streets a store was open after the noon hour, and at 4 o'clock when the grocery stores closed their doors, there was a feeling of relief from the quiet which had enshrouded the town during the afternoon.

Get your stores in order before the cold weather comes! It will be chilly then to wait while the busy stovesman fixes the other fellows' stoves. Or, if you want a new Parlor Stove, Double Heater, Celler Heater or Cook Stove, we have them ready to set up, as good value for your cash as can be found anywhere. Come, see and decide for yourself. We are manufacturing a line of Excellent Tin Ware. It costs more than the common trash on the market but immeasurably better value for your cash. See it. You will be the judge.

### BASE BALL

MIDDLETOWN, 4. BRANDYWINE, 3.

On Saturday afternoon last the Brandywine club of Wilmington played the local team on the home grounds, and while the score was very close, the game was far from being interesting, as the home players were confident of winning when the umpire called game in the first inning, and the boys played as if they had an easy thing throughout the engagement. In the ninth inning with two men out, Scott tossed an easy one over the plate, which the batter hit safely, and the next man up did the same trick, and before the side was retired the Wilmingtonians had gotten one more runner across the rubber, making the score 3 to 4.

The score by innings follows:

Brandywine, 0 0 4 0 0 0 0 4 8 2  
Middletown, 0 1 0 0 0 0 1 1 3 6 2  
Umpire.—Sweet.

PORT DUPONT, 6. MIDDLETOWN, 3.

The home club played a five inning game at Port Dupont on Tuesday, and were defeated by the soldiers by a score of 6 to 3. The rain which had been falling during the entire game was doubtless the cause of the defeat, as Myers was pitching a masterly game up to the last inning, when the ball was so wet and slippery it was impossible to do anything but put the ball straight over the plate.

This afternoon the strong Salem A. C. nine of Salem, N. J., will cross bats with the local team. Game called 3 o'clock. Voegeing the crack pickup of Jersey will be in the box for the visitors.

### FOREMAN-MILLIGAN WEDDING

Mrs. J. R. Milligan of St. Georges, wife of the Rev. J. R. Milligan, who recently went to Manila, Philippine Islands, accompanied by her daughter, Miss Rebecca Milligan, Wednesday morning received a cablegram from Dr. Milligan, announcing the arrival of the party at Manila on Monday. They made the journey on the United States transport steamer, sailing from San Francisco.

The visit was the wedding of Miss Rebecca Milligan to Lieut. Albert W. Foreman of Wilmington, now in the United States army and stationed in the Philippines. The cablegram stated that the wedding was solemnized Tuesday, Dr. Milligan performing the ceremony. Dr. Milligan will start for home about the 1st of November, and the return route will be by way of the Suez Canal and across the Atlantic to New York City, the steamer having been ordered back by that route. Lieut. Foreman is well-known here, having been a Lieut. in the First Delaware Volunteers stationed at Camp Funnel during the Spanish-American War.

Mrs. Botkin's Case Again

Record in the case of Mrs. Cordelia Botkin is in the United States Supreme Court in Washington. She is under sentence of the life imprisonment in San Francisco for the murder of Mrs. John P. Botkin several years ago, by sending to her poisoned candy. The present proceeding originates in a petition for a writ of habeas corpus based upon the plea that her trial was unfair and that she was not given the right to be heard in her own defense. The case was taken to the Supreme Court on a writ of error.

Texas Fever Among Cattle

The farmers around Frederica are exercised over the appearance of Texas fever among the cattle. Neal Stevenson lost several cows last week with this disease, and others are affected. The farmers have been buying young stock from the West, and it is supposed this is how the disease has secured a foothold here. Strenuous efforts are being made to stop its spread, and the farmers will be assisted in every way possible by the State Board of Agriculture.

A quiet home wedding was that of Miss Louise Worrell Price, who was married to Charles Brown on Wednesday by the Rev. W. J. Hamilton, rector of Christ Church, and was given away by Mr. Paul Rosenthal, of Philadelphia. The bride was groomed in a pretty creation of white Persian lawn, trimmed with Mechlin lace. Her going away gown was brown cloth. Miss Price taught school here for about twelve years and was the efficient organist of Christ Church for more than fifteen years. Although no invitations were sent out the bride received a number of handsome presents of silver and china. Among these was a sheet of linen spun and woven by her great-grandmother and which is now embroidered to be used as a bedspread. This is said to be over 100 years old, also a table and one teaspoon belonging to her great-grandmother, and an old fashioned wine decanter which belonged to the same lady, a solid silver fish knife and fork, sugar shell and quaint salt cellar. These have been handed down for 50 years, shell comb, and handkerchief with cluny lace edge over 100 years old and a great many beautiful articles which were given her by her friends and teachers and friends in town. Mr. and Mrs. Brown left at 10.20 A. M., for Dell, Franklin County, Mass., where they will reside. Mrs. N. George Price, the bride's mother, will go later on. Christ Church has lost two of its most prominent members and the town two loyal citizens. Mrs. Price has been a resident for over forty years.

It was announced in the churches on Sunday that a public meeting would be held on Monday evening in Central Hall to take action on the death of our late President. The hall was well filled, a good many ladies being present as well as the majority of the men of the town. The meeting was called to order by Dr. Belville and the Major, J. Ames Collins, appointed chairman and N. W. Wilkinson, secretary. After a prayer by Rev. W. J. Hamilton invoking divine blessing on the meeting, Mr. Theodore P. Clark made a motion to appoint a committee of five to draft resolutions. The committee appointed was as follows: Rev. N. F. Stahl, Hon. T. E. Clark, T. B. Heisel, Dr. Belville and J. Ames Collins. The committee adopted resolutions expressing grief, bereavement and submission to the will of God—admiration and unbounded respect and love for the man who saved the nation and the world of such a man, and calling upon the nation to rid our country of these lawless creatures. These resolutions were discussed by Rev. W. J. Hamilton, Rev. P. P. Northrup, Rev. N. F. Stahl, George McIntire, T. B. Heisel and Edward Coale. It was decided to hold a union memorial service in the M. E. Church on Thursday at 2 P. M., and all places of business closed at 10 A. M. for the day. A copy of the resolutions will be sent to our Representative in Congress. The minutes of the meeting and a copy of the resolutions will be placed in the archives of the town. The meeting adjourned after the benediction was pronounced by Rev. P. P. Northrup. On Thursday Rev. P. P. Northrup and W. J. Hamilton opened and closed the service and Rev. N. F. Stahl preached the sermon. The choir united and the soldiers at Ft. duPont were present in a body. The church bells tolled in tribute 2 P. M., to 3 P. M.

### Brain-Food Nonsense

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aid digestion, stimulates the liver to healthy action, purifies the blood, and makes you eat, sleep and be vigorous. You can get Dr. G. G. Green's reliable remedies at J. S. & W. Lattinons, Townsend, Del.
